Dear Mr. Kobrock:

We received your Statutory and Environmental Assessment Checklists, your published combined notice from the newspaper, RROF/Certification form, and Environmental Review Statement on July 11, 2008. The 2008 CE project approval is based on the submission of the 2005 ERR. The effective date of removal of environmental conditions for release of the 2008 CE CDBG funds for the project is shown above.

Please note that all documents developed and collected for your environmental review, including copies of current permits and approvals, must be located in your local ERR file and available for public view. Availability of this documentation and a copy of your dissemination list will facilitate compliance review of requirements and documents during program monitoring.

If you have questions or concerns, please feel free to contact this Office at 624-7484.

Sincerely,

Michael D. Baran, Acting Director
