

Free for Residents of Maine!

Electronics Recycling Drop-off at the Augusta Civic Center:

If you're like many Maine residents that have old electronic devices taking up space in your closets or basement then make your way to an electronics waste recycling event in Augusta. The United Way of Kennebec Valley (www.uwkv.org) and **eWaste Recycling Solutions** (www.ewastemaine.com) are partnering to respond to the community's need for recycling consumer electronic devices by hosting a drop off on ***Saturday, December 20.***

There is no charge for Maine residents; however the United Way of Kennebec Valley will be accepting contributions during the event.

This is a great opportunity to responsibly dispose of obsolete monitors, televisions, computers, printers, copiers, fax machines and cell phones. Bring your items to the drop-off spot located in the lower parking area between the hours of *9am and 3pm.*

Businesses can contact **eWaste Recycling Solutions** at **207-449-1709** or www.ewastemaine.com for more information.
