Selectmen
Town of Randolph
121 Kinderhook St.
Randolph, ME 04346

Dear Colleagues,

On behalf of the Gardiner City Council I would like to invite each of the members of the Select Boards of Farmingdale and Randolph to discuss Gardiner Water District governance issues.

The Gardiner City Council recently received the recommendations of the Water District Governance Committee, which had representatives appointed from each of our municipalities. Having reviewed that report the Council would like to discuss these recommendations further with you, as the leadership of Farmingdale and Randolph.

Please join the Council and me on September 15th at 7:00 pm at Gardiner City Hall to review those recommendations from that Governance Committee. Light refreshments will be served.

Please confirm your attendance with Molly Gallant at City Hall, 582-4200.

The Council and I look forward to seeing you then.

Sincerely,

Brian Rines, PhD
Mayor, City of Gardiner
