

November 22, 2005

Resident  
West Street

Dear Resident:

The City of Gardiner will be undertaking smoke testing of the Wastewater Collection system on **West Street in Gardiner Maine**. A number of residents have been experiencing odors in their homes related to the collection system. In an effort to eliminate offensive odors this testing will allow us to identify defects within both the public and private systems.

The City will be smoke testing the system and dwellings on West Street. This testing will take place on **November 30, 2005 at 2:30 pm and conclude at 6:00 pm**. Should the weather be uncooperative the rain date will be **December 1, 2005 at 2:30 pm to 6:00 pm**. The City would request that you make arrangements to be home or make arrangements to have somebody there to allow City employees access to your residence.

I would request that you call me and advise that your residence will be accessible on the date and time above. I can be reached days at City Hall at 588-4074 or you may e-mail me at [cityservices@gardinermaine.com](mailto:cityservices@gardinermaine.com) and I will be glad to answer any questions you may have.

Sincerely,

E. Patrick Gilbert, City Services Director  
City of Gardiner  
6 Church Street  
Gardiner, Me. 04345
