DAVID A. COLE
COMMISSIONER

Date: Jan.23, 2006

Mr. Brian Rines, Mayor
City of Gardiner
6 Church St.
Gardiner, Me. 04345

Subject: Hot Mix Asphalt Overlay
Project #: IM-295-1292(910)E
City of: Gardiner

Dear Mr. Rines:

The Maine Department of Transportation is planning to design and advertise the subject project in the winter – spring of 2006 for construction during the summer of 2006. The project is further described as follows:

Route I-295 SB: Beginning in Gardiner and extending to Topsham and Includes Brunswick to Richmond, I-295 NB; Replace concrete slabs and install expansion joints and repair spall areas. Seal all existing joints with rubberized sealer.

If you have, or plan to have, underground utility facilities within the limits of this project, please inform this office of their location in order that they may be properly considered during the design of the proposed project. Properly located facilities are a considerable protection against damage from construction operations. No permit to open the highway will be granted for a period of five (5) years after the new pavement is placed, except as provided in Title 23, M.R.S.A. §3352.

Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. James Andrews is the Project Manager for this project, and he can be reached at 624-3477.

Sincerely,

Interstate Project Manager
