Chief James Toman
Gardiner Police Department
Church St.
Gardiner, ME 04345

Dear Chief,

I would just like to take this opportunity to thank your department, especially Mr. Dan Murray, on the rapid recovery of my stolen GPS device. I have lived in Gardiner over 30 years, and although this is the second time I have had a vehicle burglarized, this time, as well as the last, the items taken have been recovered promptly. Ironically, because I feel Gardiner is such a safe, small town, I have often neglected to lock my car or house (perhaps prohibiting those who don't feel as safe as I do) at times.

As I was thinking today, I have also needed the services of the Gardiner Fire Department twice, as well. Again, both instances the emergencies were handled in a very professional, courteous, prompt, and, of course, safe manner.

Just another reason I am proud to live in the City of Gardiner. Thank you again.

Sincerely,

Gregory Rand
