September 1, 2004

Gardiner Board of Trustees:

As the Board of Selectpersons in Pittston, we are quite interested in what may be happening with the Gardiner Water District and have concerns about the affect it may have on our municipality and ratepayers.

We have had a representative attend the Trustees meeting of August 11, 2004 and as a result we have discussed and agreed that the Gardiner Water District Charter be changed to include a trustee on the board from Pittston as well as one each from Farmingdale and Randolph to be elected not appointed.

Sincerely,

Arlene Shea
