Frequently Asked Questions

Q: Is there a citywide Clean Up?

A: Yes, the City does a Bi-Annual Fall Clean up. Please check the Website or call the Public Works Department for more information.

Q: You plowed in the end of my driveway. Why can't you lift the plow at my driveway?

A: We would love to be able to do that. However, it would make it nearly impossible to totally clean the travelway of the road.

Q: The sewer line from my house to the City's main in the street is plugged. Will you come and fix it?

A: The City maintains the house services to the edge of the road or the inside of the sidewalk, if a sidewalk is present. We will not do any maintenance from the edge of the road or sidewalk to the dwelling structure served by the connection.

Q: Can I come to the Public Works garage and get sand and salt?

A: Yes, Gardiner residents can come and get sand at the Public Works garage. We do not make salt available because it is quite expensive.

Q: Do I call Public Works if I'm having trouble with my water?

A: No, you should call the Gardiner Water District at 582-5500.

Q: Do I call Public Works if I have a question about my sewer bill?

A: No, you should call Becky Sieberg, the Sewer Clerk, at City Hall at 588-4070. If you need additional information, call Chuck Applebee, Wastewater Superintendent, at 582-1351.

Q: Where do I get rid of my brush and leaves?

A: Hatch Hill will accept leaves for free. There will be a modest charge for brush. Remember, you need to have a Hatch Hill permit to get in.

Q: How long will it take for the plow truck to get to my street?

A: It takes over 3 hours for a plow driver to complete his or her route, depending on the storm and how much snow falls. We plow all roads in Gardiner in a sequential order, you will not be forgotten.

If you are experiencing sewer problems, don't wait!! Call the Gardiner Public Works Department at 582-4408. The Public Works Department is responsible for responding to and resolving sewer complaints. The City maintains the sewer mains and house services to the edge of the roadway or the inside of a sidewalk if you have one in front of your house. If the obstruction is between the edge of the roadway or the inside of the sidewalk and your home, you should contact a plumber and have your line cleaned.
