Background Information

With the recent COVID-19 situation, and other snowplowing alerts being sent out, it came to the city's attention that the current NIXL account we have is a 'free' account that only sends emails to those that have signed up for the alerts.

There is a NIXL program that also allows text messages to be sent out, but that program comes with a premium price.

Chief Toman will explain the different NIXL programs available and the costs associated with such.
