	2 <sup>nd</sup> Reading _____	Advertised _____ w/in 15 Days	
	Final to Dept _____	Updated Book _____	Online _____

Good afternoon Anne.

I spoke to Kris McNeill about the rack cards I have spoken of and the city does not have any ordinances around this matter. I have to simply get permission from the property owners and honestly I am just looking into doing a few on city property. If by chance a couple are on private property I will get the owner's permission. It appears that my next step would be meeting with City Council. If you could let me know when and where you would like us to be at the next council meeting(July or August) I will make sure that it happens. I appreciate your time and help with this matter. Thank you.

## Substance Use Disorder Treatment Program

### Opioid Health Home (OHH) Harm Reduction Model Team

- Psychiatrist/Medical Doctor/Physician Assistant – Assess, Diagnose, and treat through Medication Assisted Treatment disorders related to substance use. Buprenorphine (Suboxone) treatment.
- Substance Use Disorder Therapist – Individual or group therapy available
- Patient Navigation – An individual assigned to your treatment with extensive experience in linking to resource that support a healthy lifestyle.
- Peer Support – You're not alone in your recovery process, hear/speak with a certified peer support specialist who can identify the difficulties and successes of your road to recovery.
- Medication Assisted Treatment Nurse – Provides medical guidance and support as needed.

The OHH is a Community Based Outpatient Team (not a residential program)

Call Us Today! 844-294-5306

As a Licensed Substance Use Disorder provider, we have developed a team of professionals that will meet you where you are. Assist you in the development of a support system, assist in decreasing your substance use, and increase your integration into a safe lifestyle one step at a time. We believe in your recovery and supporting you through our harm reduction model.

ABHS has developed the opioid health home to include treatment engagement that includes:

- Group and Individual ability to engage with an identified therapist.
- Wellness Groups from regular guest speakers that center around educational topics and activities such as Healthy Eating, Exercise and Recovery, High Risk Medical DX testing (Hep, HIV), and Healthy Lifestyles.
- ABHS contracts with MGMC to offer free state supplied naloxone kits to all of our Opioid Health Home members who are at high risk of opioid overdose. ABHS and MGMC further provides these kits to support individuals (family, friends) who are regular contact with anyone who is at high risk of opioid overdose.

We accept Medicare Insurance

ABHS has grant funding provided by the State of Maine to cover individuals who do not have any form of insurance. Grant funding covers all services we provide in our Opioid Health Home these grant funds will additionally pay for the Medication Assisted Treatment Scripts written by our team prescribers. Don't let lack of insurance be the reason why you don't start your path to recovery.

Give us a call and start your RECOVERY today!

Good morning. I am emailing you regarding the August City Council Meeting. I see that it is on 8/4 at 6pm. In past conversation with you it was mentioned that we would have to attend this for the Community Outreach that we are doing. Is that still the plan? I want to make sure that we are available to attend and wanted to confirm this with you. I had emailed you after speaking with Code Enforcement, but did not hear back. I appreciate your time with this and your willingness to help our community. Thank you.
