

**GARDINER CITY COUNCIL
AGENDA ITEM INFORMATION SHEET**

Meeting Date	12/15/2021	Department	Fire/Ambulance
Agenda Item	4.f.) Discussion and possible consideration of ordering a new ambulance		
Est. Cost			

Background Information

Fire Chief Rick Sieberg would like to discuss the ambulance vehicle needs with Gardiner City Council. He applied for a grant that would replace the oldest ambulance (2016) and the application was unsuccessful.

At this point, the City would have to go out for bids on a new vehicle. Once a successful bid is identified, the current delivery time for ambulances can run up to 18 months. Chief Sieberg may look for guidance from Council as the first payment on the ambulance may not come due until FY24.

Requested Action	To be determined after the discussion. Council may chose to make a motion directing Chief Sieberg to begin the purchasing process.
