Please share a little of your background to give the city an idea of what committees you would be interested in:

I have lived in Gardiner for 35 years. Our family loves our downtown and the many historic buildings in our city. Prior to retirement, I worked as an administrator for Maine Medical

Center, an Executive in State Government human services and for the University of Massachusetts medical School. This work did not afford me any time to volunteer in local activities; however I am now interested in expanding my volunteer contributions to include the Historic preservation Committee. I have concluded my volunteer work with a Statewide committee and for the last few years served on the Gardiner Library Association board and finance committee. Please let me know if I can provide additional information.
