Please share a little of your background to give the city an idea of what committees you would be interested in:

I've lived in Gardiner since 1983 and have served on a number of boards in the city, including 10 years on the city council and 6 years on the board of the Gardiner Library Ass'n. I am now the chair of the Property Tax Review board and of the city's Sidewalk Committee. I'm a retired attorney.

As the great grandson of light house keepers, I have always been very interested in Maritime history. Also, I grew up in Portland and was devastated by some of the older buildings being razed and replaced by strip malls and parking lots. History fascinates me and I would like to do everything I can help with the preservation of the local architecture and the traditions that Gardiner represents.

After talking with Geri Doyle and Robert Abbey, I'd like to apply for a position on the Historic Preservation Committee. I am generally very interested in history, particularly local history and its built environment. I have served a number of governing boards including the Gardiner City Council (1997-2007), the Johnson Hall Board of Directors (2007-2014), and the Gardiner Library Association (2013-2019), where I just recently finished four years as its president. I am currently the chair of the Property Tax Review Committee and of the Sidewalk Committee for the city.

I am now retired. I was an attorney, the the Maine Attorney General for six years and for the last 15 years of my career was the Director of Income Tax for the State of Maine. In both positions, I did some work related to the federal Historic Preservation statute and regulations.

Please let me know if you have any questions.

Dennis Doiron

I am interested in the Solid Waste Committee because I believe that Gardiner is a beautiful town and I want it to remain that way. I have noticed there are some issues throughout the town regarding the disposal of solid waste. I spoke with Mayor Hart about joining the committee and I think it would be a good fit for me. I have lived in Gardiner for about two and a half years and I plan to stay here for a long time. My daughter is six years old and I want to help ensure that Gardiner is a wonderful town in which to grow up. I am dedicated to supporting Gardiner traditions as well as improvements. I hope you will offer me the opportunity to do this.

I am Marc Collins and recently moved to Gardiner from West Gardiner. I'm an OIF veteran and continue to serve in the Army Reserves. I currently work as a Utility Services Supervisor at the Portland Water District and have an interest in getting involved with the city I reside in. My experience is in the water field so the Water Board of Trustees piques my interest but I have an interest being involved wherever I may fit.

Thank You

Marc Collins
