

**GARDINER CITY COUNCIL
AGENDA ITEM INFORMATION SHEET**

Meeting Date	11/15/2023	Department	City Manager
Agenda Item	4f. Consent to use Arpa funds to purchase a new UTV		
Est. Cost			

Background Information

For the last few years Buildings and Grounds has had a Bobcat UTV that has been used in a multitude of ways the most important being for the volunteers to water gardens/trees/planters throughout the City during the summer. The current UTV is a 2006 that was purchased used 5 or 6 years ago. Recently the engine on the Bobcat has given out and is now beyond repair and given the age and condition of the UTV it would not be financially responsible to attempt to fix it. Due to purchases with ARPA funds not being as expensive as we thought originally we do have remaining ARPA funds. I am recommending that we use up to \$16,000.00 to replace the UTV so that the volunteers and buildings and grounds can continue to have this resource available to them as they continue to keep our City grounds, parks, and Water Street beautiful.

Requested Action	"I move to approve the use of up to \$16,000 to replace the failed Bobcat UTV with a new UTV."
