

## MEMORANDUM

**To: Ordinance Review Committee**  
**From: Joel Greenwood**  
**Subject: Electronic Reader Boards**  
**Date: January 6, 2023**

The Ordinance Review Committee is asking to review the maximum size of electronic reader boards.

Currently the regulation reads:

**“10.24.7.4.2** A changeable copy sign must be incorporated into a larger sign. The sign area of the changeable copy sign shall be the lesser of twenty-four (24) square feet or fifty (50) percent of the total sign area of the sign that it is part of.”

As read this clause already would have the effect of limiting the size of the electronic reader board component of signs and be in effect across all districts, regardless of their total sign size allowances.
