To the City Council of the City of Gardiner, Nov. 15, 1856

The Joint Standing Committee upon laying out New Streets and assessing damages therefor, to whom was referred the petition of Samuel Eastman and  
Page 113  
others praying that a Street which was recently laid out by the City authorities, commencing at Samuel Eastmans house, and thence running westerly to Nathan C. Prescotts East line to be discontinued, have attended to that duty and present the following report. The Committee after giving legal notice proceeded to examine the premises and find that the street never accomodated but one family, and that they have sold their farm to Mr. Davidson whose farm joins and extends to another street, and it is the opinion of the committee that there is no necessity of keeping it open any longer; therefore we recommend that the above described street be discontinued and that the land over which it is laid revert back to its original owner. All of which we most respectfully submit.
